LTIMindtree Named a Leader in SAP S/4HANA System Transformation in US and UK in the ISG Provider Lens SAP Ecosystem 2024 reports

WARREN, NJ, USA, LONDON, UK, May 23, 2024 – [LTIMindtree](#) [NSE: LTIM, BSE: 540005], a global technology consulting and digital solutions company, has been named as a **Leader in SAP S/4HANA System Transformation** for Large Market for United States and SAP S/4HANA System Transformation for United Kingdom in the 2024 Provider Lens™ SAP Ecosystem Quadrant. Report by [Information Services Group](#) (ISG), a leading global technology research and advisory firm.

ISG report highlights that LTIMindtree stands out among the crowded Global SAP Service Provider landscape with its comprehensive transformation services across project planning, design, business process, and more, facilitating clients' migration to SAP S/4HANA. This also includes the transition of existing ECC systems to S/4HANA cloud solutions. Understanding initiatives like RISE with SAP is imperative for service providers to guide clients through the evolving solution paradigm aligned with their unique IT landscapes. Clients increasingly seek providers with industry-specific expertise and adeptness in leveraging technologies, such as SAP BusinessAI, to ensure seamless integration and operational efficiency.

"LTIMindtree's impressive expansion in SAP operations in the U.S. with a growing portfolio of services and solutions have helped the company deliver large and complex SAP S/4HANA transformation for large clients in the country," said **Tarun Vaid, Lead Author, ISG SAP Ecosystem 2024 US Region.**

"We are honored to be recognized as a leader in S/4HANA transformation in both the US and UK markets. Our commitment to innovation is embodied in our cutting-edge platforms, Reimagination Studio, and Infinity, along with our industry cloud solutions, designed to unlock unprecedented value for our clients and drive their digital transformation journeys," said **Vineet Moroney, SVP & Global Head- Enterprise Apps, LTIMindtree**.

"LTIMindtree has improved its tools and accelerators, incorporating AI and GenAI across its portfolio. The combined portfolio of its erstwhile companies has delivered strong growth for the firm in the U.K. region for SAP," said **Akhila Harinarayan, Lead Author, ISG SAP Ecosystem, UK Region.**

This recognition as a "Leader" in SAP S/4HANA System Transformation for Large Accounts in the United States is attributed to LTIMindtree's robust advisory capabilities, consulting-led approach, and utilization of advanced tools like the proprietary Canvas Profiler for automated knowledge extraction. The company's SAP Reimagination Studio Platform offers detailed impact analysis of S/4HANA digital transformation and value assessments across core business functions. LTIMindtree's dedicated efforts and investment in generative AI are yielding

tangible results in modernizing SAP services, enhancing user experiences, and co-creating innovative solutions using SAP BTP and business AI technologies.

Similarly, in the UK market, LTIMindtree is recognized as a "Leader" in SAP S/4HANA System Transformation. According to ISG, the company's deep understanding of the UK's regulatory and business landscape, coupled with localized expertise, ensures that SAP solutions are tailored to meet the specific needs of UK-based businesses while remaining compliant with local regulations. LTIMindtree's specialized RISE with SAP practice is designed to expedite the development of unique solutions through industry cloud and value chain enhancements. The introduction of "Drake AI" in 2023, which offers context-sensitive responses to support queries and executes transaction based on large language model for standard SAP processes, further underscores the company's commitment to innovation and customer satisfaction.
