Ensuring a Noiseless S/4HANA Deployment through **LTIMindtree's** **“RELY” Platform**

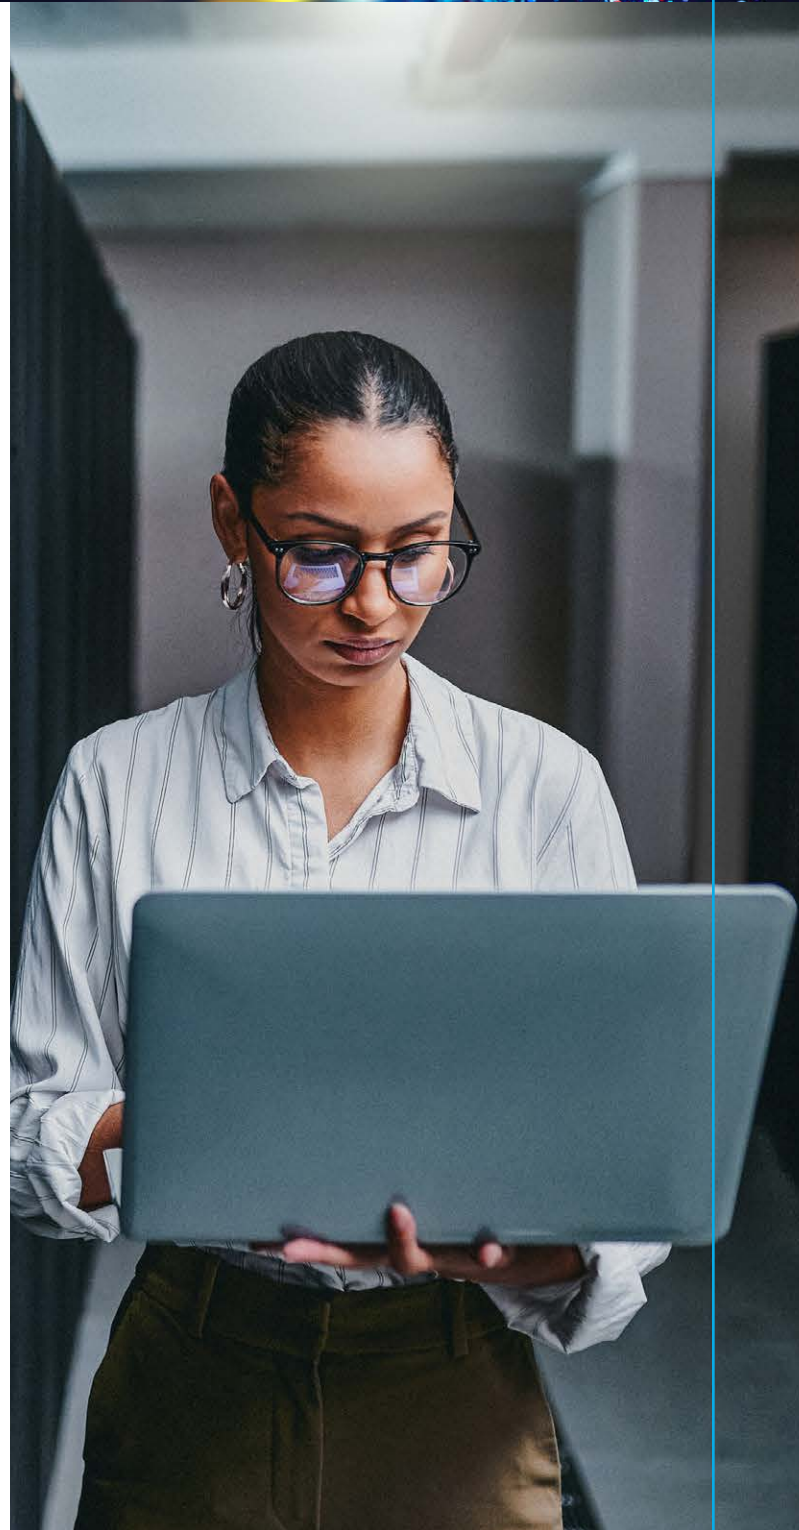

LTIMindtree’s “RELY” platform is a comprehensive suite of SAP program quality assurance and compliance services designed to streamline the execution of S/4HANA implementations. Our platform serves as a one-stop solution, fully equipped with an integrated suite of testing tools essential for the project lifecycle including Impact Based Testing & DevOps Practices.

The launch of RELY 2.0 at SAP Sapphire 2024 marks a significant milestone in our journey to provide state-of-the-art solutions. The integration of GenAI features not only enhances the platform’s capabilities but also sets the stage for future innovations.

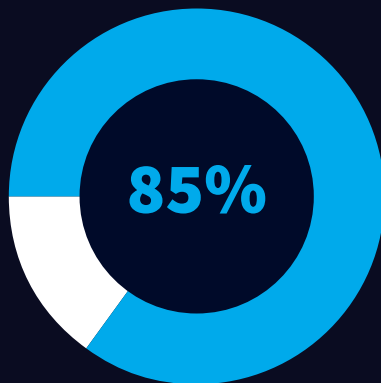

LTIMindtree and Tricentis Co-Innovatively worked on the LTIM RELY platform which has LTIMindtree inhouse accelerators (**Reusable Repository - STAR, GenAI-powered Test Case Builder - TestGenius, CosmosQE, ART - Advanced Reporting Tool**) and Tricentis products (Tosca, q test, DI, NeoLoad, LiveCompare).

Each of these tools plays a pivotal role in ensuring a seamless and noiseless deployment.

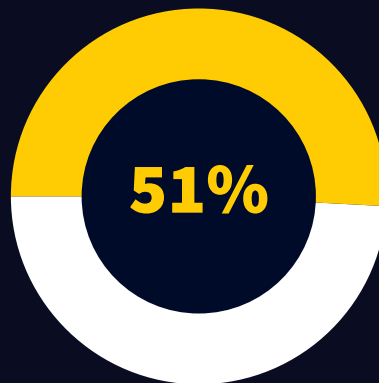

Key Challenges in S/4HANA transformations

Top Challenges in SAP Transformation & Projects

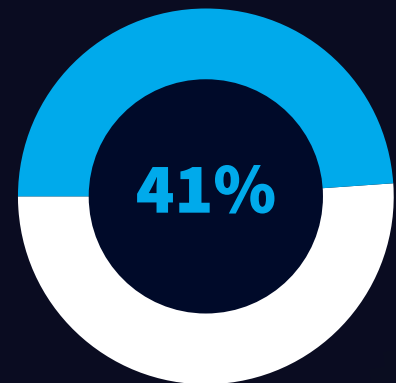

Speed

Delayed release

Risk

Business disruption

Cost

Exceed budget

LTIMindtree solution

Challenges	Solutions	Benefits
Risk Unavailability of Targeted Testing	<ul style="list-style-type: none"> End to End Continuous Testing & Monitoring Platform 	<ul style="list-style-type: none"> End to End Business Process Assurance Integrated Tooling Strategy
Test Coverage Lack of insights into Test Coverage	<ul style="list-style-type: none"> Gen AI Enabled Test Case Building Reusable Test Library (Manual / Automation) 	<ul style="list-style-type: none"> ~50% Reduction in test script creation effort ~>95% Test Coverage
Test Scope Optimization Reduce Volume of Regression testing	<ul style="list-style-type: none"> Exemplify the power of LiveCompare 	<ul style="list-style-type: none"> Test less, Cover more 50% Shorter Test Execution Cycles
Test Coverage Lack of insights into Test Coverage	<ul style="list-style-type: none"> Recommend code improvement Change & Deployment framework 	<ul style="list-style-type: none"> Near Zero defect leakage to production

RELY 2.0 Offerings

Persona Driven solution for SAP Business Suite

- Increased coverage with reduced scope by leveraging Impact Based Testing
- Industry Specific Testing Coverage

Test Data Generator (TDG) Unleashing the Data

- Real time data extraction and integration with automation tool
- Data Security Assurance

Enhancing the User's experience

- Fiori UI Consistency & responsiveness
- Role Based Access & Security Validation
- Customized reports for different user community as a single source of truth

STAR – SAP Test Automation Repository

- Enabled by self healing, Vision AI techniques for Sustainable, Scalable & Future ready S/4HANA Implementations, upgrades & functional enhancements

LTIM TestGenius - GenAI enabled Test Case Builder

- AI-powered Test Case Builder designed to streamline the creation of test cases from the SAP Business Process Models & Process Diagrams.

LTIMindtree is a global technology consulting and digital solutions company that enables enterprises across industries to reimagine business models, accelerate innovation, and maximize growth by harnessing digital technologies. As a digital transformation partner to more than 700 clients, LTIMindtree brings extensive domain and technology expertise to help drive superior competitive differentiation, customer experiences, and business outcomes in a converging world.
